

# *Over 3 years of testing and over 3,000 happy customers!*

## *30 day guarantee*

**By installing an OBST Design Fuel Saver you can reduce your fuel consumption of between 10 and 30%. (based on customer feedback).**

- Patented design that works by rotating and compressing the air as it enters the engine resulting in improved combustion.
- Easy installation by dealers included in purchase price.
- No moving parts, no adjustment to engine necessary.
- Suitable for petrol, diesel, LPG and turbo model cars.
